

*Innovative leadership* to advance social policy, research, resource development  
and training for those who enhance the capacity of families to raise their children.

February, 2009

Dear friends and colleagues in British Columbia,

The Canadian Association of Family Resource Programs (FRP Canada) is very pleased to participate in this new joint membership initiative with FRP-BC. We encourage all family resource programs and other family-serving organizations in BC to take advantage of this special offer.

By joining both your provincial association and the national association at the same time, you will have access to the many benefits of both organizations at a reduced cost. A list of FRP Canada benefits is attached for your reference. A membership in FRP Canada will ensure your connection with a vibrant network of family resource agencies across Canada and will provide you with opportunities to share knowledge across provincial boundaries, to take part in national projects and to strengthen the national voice of the family support sector.

If you have any questions, I would be happy to hear from you. FRP Canada looks forward to welcoming new and renewing members.

Janice MacAulay, Executive Director
